

## **CANCELLATION NOTICE**

### **LF P136, Office of Procurement Solicitation/Contract Distribution Sheet (Excluding Construction) (Rev. Jan. 2005)**

**Cancelled effective 8-30-06.**

LF P136 was the tool used to communicate distribution requirements for procurements other than construction to the Support Service Contractor.

Because contracts and construction contracts are now distributed electronically, this distribution sheet is no longer used and is obsolete.
